SEAT WARRANTY GUIDELINES

WARRANTY

BRP OEM seats are covered by the BRP Limited Warranty against any manufacturing defects.

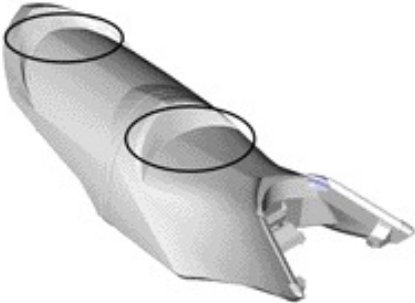

The damages caused by external agents will not be paid under warranty.

CLAIMING

In doubt, contact a Service Representative by opening a Technical BOSSWeb Case. Please make sure to have:

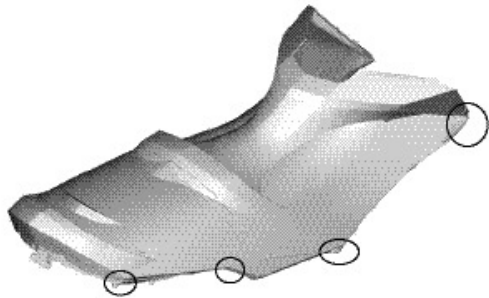

- Clear digital pictures
- Complete vehicle information

Refer to the SEAT WARRANTY GUIDELINE chart below to determine whether the problem is covered or not.
Apply warranty coverage accordingly.

SEAT CONDITION	DESCRIPTION	WARRANTY
<div>Bunching</div> 	<div>WHAT:</div> <ul style="list-style-type: none">• Seat skin gets loose	<div>YES,</div> <div>within the</div> <div>regular</div> <div>warranty</div> <div>period or</div> <div>less than</div> <div>100 hours</div> <div>(whichever</div> <div>comes first)</div>

<p>Tear (close to protective seat corners)</p> 	<p>WHAT:</p> <ul style="list-style-type: none">• Tear in areas close to protective seat corners	<p>YES, within the regular warranty period</p>

If these guidelines are unclear, you may contact BRP by opening a warranty case.

*BRP reserves the right to change these guidelines at any given point. BRP reserves the right to request proof of maintenance as customers are required to follow the maintenance guidelines outlined in their operator guide. BRP reserves the right to require parts to be returned for inspection to support the claim assessment process. In the case of discrepancy, the official warranty contract or the decision of a warranty analyst will overrule the information described in this document. *Special conditions may apply - please refer to individual parts/system.* Unless stated otherwise, the referenced drawings represent all Sea-doo models.
