# THAT *ski-doo* FEELING

Making your experience on the snow incredible every time is something we're extremely passionate about.

Your riding gear has to protect and keep you warm. Your accessories have to integrate perfectly—with impeccable finish and durability for many years of riding. Replacement parts and maintenance products have to meet our rigorous original equipment standards.

We don't compromise because we know you don't either. It's why we can give you peace of mind by offering a warranty on every item we sell. It's our promise, to make your ride better—every time.

# OXYGEN SEE EVERYTHING

▶ LEARN MORE ABOUT THE OXYGEN HELMET.  
GO TO: [youtube.com/officialskidoo](https://youtube.com/officialskidoo)

Your epic adventures are best when you have crystal clear, fog free vision—and only the most technically advanced snowmobile helmet can provide that. Better field of vision than any other full face helmet on the market. Built with advanced M-FORGE® Composite technology, OXYGEN is lighter than the previous leading helmet. Temperature is managed via a remote control and a manually adjusted air flow chamber. There's no need for a bothersome breath mask.

PANORAMIC FIELD OF VISION

ElinQ REAR MAGNET CONNECTOR

Lightweight M-FORGE® Composite shell—20% lighter than the BV2S helmet and 16% lighter than the Modular helmet

Sun visor heated chamber

Amplified heated visor with pivot contact system

Retractable amber sun visor

Prescription eyeglasses friendly

Adjustable humidity extractor vents

eLinQ rear magnet connector

Unique remote control with visor heat indicators

Lightweight battery-less rear LED light for added rider safety

Unobstructed panoramic field of vision for an incredible mask-less riding experience

Durable anti-fog and anti-scratch coatings

NCS System: Reduces noise up to 2 times more than the BV2S helmet and up to 3 times more than the Modular helmet

Robust detents allow precise opening adjustments for airflow

Optional front LED utility light

Neck skirt to reduce air intrusion

**OXYGEN HELMET**

- **NEW:** Available in 3XL.
- **NEW:** Offered with amber sun visor for best vision in snow conditions.
- M-FORGE® Composite shell for better impact resistance in extreme conditions.
- 4-year limited warranty (see details on page 5).
- Ready to receive communication system.
- Operate all features with gloved hands.
- 2 shell sizes for better fit and comfort.
- Ratcheting quick-release chin strap.
- Recyclable helmet shell for minimal environmental impact.
- Aerodynamic shape to reduce neck fatigue.

# XP-X BEYOND PROTECTION

▶ LEARN MORE ABOUT THE XP-X HELMET.  
GO TO: [youtube.com/officialskidoo](https://youtube.com/officialskidoo)

The XP-X snocross-style helmet delivers protection beyond typical helmet performance thanks to its advanced M-FORGE® Composite technology. Its the ultimate helmet for lightweight protection and superior rider comfort.

**THE XP-X TEAM AND XP-X ADVANCED TEC HELMETS HAVE A LOT IN COMMON:**

Lightweight M-FORGE® Composite shell. Better impact protection and lighter than carbon fiber  
 • 1210 g ± 50 g for small shell (sizes: XS, S & M)  
 • 1265 g ± 50 g for large shell (sizes: L, XL & 2XL)

Perfect fit with XP-X Goggles (see p. 16)

Removable and washable premium high comfort liner

DOT ECE22.05

Antimicrobial treatment prevents odor and bacteria

8 vents provide improved airflow

Magnetic chin strap closure (on XP-X Advanced TEC only)

**SKI-DOO XP-X TEAM HELMET**

- 4-year limited warranty (see details on page 5).
- Removable XP-X breath deflector included.
- Double D-Ring chin strap.
- Race approved orange.

#MForgeCompositeRevolution

**LIGHTEN YOUR LOAD**

Up to **30% lighter** than traditional carbon fiber and tricomposite helmet shells, while meeting the same international safety standards.

M-FORGE® Composite helmet technology puts **less strain** on a rider than comparable helmets on the market for a **more comfortable riding experience.**

XP-X ADVANCED TEC

### ENGINEERED FOR YOUR PROTECTION

M-FORGE® Composite technology starts as a fabric, and through a heat-pressure process creates a hardened shell capable of **meeting the most stringent safety standards** in the industry - at a fraction of the weight of traditional helmet shells materials.

M-FORGE® Composite offers **improved penetration, impact resistance** and **shell resilience** over the competition in the most extreme conditions.

### RESPONSIBLY AFFORDABLE

M-FORGE® Composite technology delivers the world's most advanced head protection at an affordable price.

Every piece of M-FORGE® Composite helmet shells are:

Designed smarter with life-extension and waste prevention in mind

100% recyclable

Use a clean manufacturing process

Committed to the Paris Climate Agreement

**Black (90)**

# THE SCIENCE OF LAYERING

Whether you're into deep snow, backcountry or trail riding, staying warm and dry is essential. It's all about layering; a science we've perfected.

Build your perfect combination of base, mid and outer layers with our easy-to-understand rating system to help you dial in the perfect balance of comfort and performance for you.

LAYERING SYSTEM SHOWN

- 01 Thermal Base Layer
- 02 Packable Jacket
- 03 Helium 30 Jacket

AT THE CORE OF EVERYTHING.

## 01 BASE LAYERS

It all starts here; it's essential to stay dry, to stay warm. Base layers wick away moisture from perspiration against your skin, the first crucial step in preserving warmth.

P.38

COMFORT THAT ADJUSTS WITH YOU.

## 02 MID LAYERS

Using a mid layer allows you to adjust your ideal warmth level. Winter weather is notoriously variable. Stay ahead of the game, stay comfortable.

P.36-37

YOUR FIRST LINE OF DEFENSE.

## 03 OUTER LAYERS

Keep out the elements and hold in the warmth. We offer outer layers engineered with the highest performance materials like Sympatex, PrimaLoft and RPM technologies to match your riding style and needs.

**NON-INSULATED**  
P.22-24, 30

**INSULATED**  
P.25-35

**SEE THEM IN-STORE** You will find the same rating system in-store on our color-coded product labeling, with additional features and characteristics.

Our riding gear and technical wear are built with advanced technologies that protect you through warmth, waterproofness, lightness and breathability.

## GARMENT WEIGHT

150g/m<sup>2</sup> 250g/m<sup>2</sup>  
 165g/m<sup>2</sup> 300g/m<sup>2</sup>  
 200g/m<sup>2</sup>

The higher the weight of your BASE or MID LAYER, the warmer it is.

## PERFORMANCE METER

**BREATHABILITY** This OUTER LAYER rating indicates how effectively perspiration is moved away from your body and out of the garment.

**WATERPROOFNESS** This OUTER LAYER rating reflects the technology used, sealed seams, zipper types and more.

**WARMTH** This rating is a key information for your BASE, MID, and OUTER layers, and considers all aspects of the garment, including insulation, waterproofness, windproofness, breathability and fabric construction.

## PROTECTION TECHNOLOGIES

### Membrane

**SympaTex®**  
**LIFETIME WARRANTY\*\***

Sympatex waterproof/windproof/optimally breathable membrane actually gets more breathable the harder you ride. Gear with Sympatex doesn't have pores like other membranes and can be washed over and over without clogging or loss of performance. **SEE P.21**

### Coatings

RPM and RPM MAX coatings provide maximum waterproofness, windproofness and breathability no matter how tough the ride or how cold the environment.

**ALL SEAMS AND LOGOS SEALED**

**CRITICAL SEAMS AND LOGOS SEALED**

### Insulation

## PRIMALOFT®

A high-performance base layer insulation with the full spectrum of benefits to brave the elements. Committed to delivering feel-good products that empower you to stay in the moment. Warmer, drier, softer and more compressible than any other synthetic insulation. **SEE P.31**

PRIMALOFT GOLD WARMTH  
 PRIMALOFT SILVER  
 PRIMALOFT BLACK

### Fabric

## THERMALLOFT

Warmth, softness and lightweight comfort from recycled materials.

## CORDURA® BRAND FABRIC

CORDURA fabric is often added to garment zones that need additional durability, such as arm and back hem, inner legs and crotch for tough yet flexible comfort.

## SKI-DOO RIDING GEAR LIMITED WARRANTY\*

BRP warrants that all SympaTex Riding Gear will be free of any defect in material and/or workmanship for the life of the product with normal use and service. BRP will repair or replace SympaTex Riding Gear found defective in material and/or workmanship.

**LIFETIME WARRANTY\*\***

Black (90)

**BASE LAYERS**

Base layers are essential to every rider, regardless of style. They wick away moisture from perspiration to keep you dry—which is the first step to staying warm and comfortable—so the mid layer can add the warmth while the outer shell keeps the wind and snow where it belongs—out.

**MERINO BASE LAYERS**
 **165 g/m<sup>2</sup>**

Merino wool base layer delivers excellent warmth while wicking away moisture, soft to the touch.

- Permanent anti-odor performance.
- Vintage logos.
- Elastic waist band.

100% Merino Wool

# GLOVES & MITTS

## DEEP SNOW & CROSSOVER

Waterproofness, dexterity and grip will suit your style.

### BACKCOUNTRY GLOVES

Lightweight with the perfect amount of feel and dexterity at the bars, with ideal insulation on back of hand. High cuff keeps the elements out.

- Texturized goat leather.
- Leather on palm and thumb for secure grip and control.
- Kevlar<sup>1</sup> thread reinforcement.
- Maximum breathability with perforated leather insert between fingers.
- Mesh lined for antibacterial and stay-dry moisture management.
- Shaped and articulated fingers for maximum grip control wiper.
- Visor wiper.

**Shell:** Nylon, Leather, Polyester, Polyurethane

**Palm:** Leather

**Insulation:** Top hand: 100 g PrimaLoft Gold

446256 • S-3XL • Black (90)

### GRIP GLOVES

High performance insulated glove with great grip feel.

- mcFIT<sup>2</sup> technology for a better grip and added tactility and dexterity.
- Insulated backhand only, for warmth without compromising grip.
- Box fingertips to avoid air infiltration.
- Leather palm construction for toughness.
- Visor wiper.
- Waterproof, windproof and breathable glove insert.

**Shell:** Leather, Nylon, Chloroprene Rubber, Polyester

**Insulation:**

Top hand: 100 g PrimaLoft Gold

446234 • S-3XL  
Black (90)

### MOUNTAIN GLOVES

Uninsulated glove for bar feel in mild weather.

- mcFIT technology for a better grip.
- Mild-weather glove with lining.
- Waterproof, windproof and breathable glove insert.

**Shell:** Nylon, Leather

mcFIT<sup>2</sup>  
446222 • S-3XL  
Black (90)

## TRAIL PERFORMANCE

Heat and grip are the key features for your type of ride. Warm and breathable, perfect for long and active rides.

### X-TEAM LEATHER GLOVES

Rugged, proven leather construction in a warm insulated glove.

- Grip Control technology for a better grip.
- Waterproof, windproof and breathable glove insert.
- Antibacterial, stay-dry moisture management lining.
- Box fingertips to avoid air infiltration.
- Accordeon finger construction for dexterity.
- Backhand insulation for maximum warmth.

**Shell:** Leather

**Insulation:**

Top hand: 200 g PrimaLoft Gold

Palm: 133 g PrimaLoft grip control

446298 • S-3XL  
Black (90), Sunburst Yellow (96)

### X-TEAM NYLON GLOVES

Insulated and breathable glove, perfect for active rides.

- Waterproof, windproof and breathable glove insert.
- Grip Control technology for a better grip in palm.
- Antibacterial, stay-dry moisture management lining.
- Box fingertips to avoid cold air infiltration.
- Backhand insulation for maximum warmth.

**Shell:** Nylon

**Insulation:**

Top hand: 200 g PrimaLoft Gold

Palm: 133 g PrimaLoft grip control

446293 • XS-3XL • Green (70),  
Black (90), Sunburst Yellow (96)

### SNO-X GLOVES

A favorite among riders for good reason. A perfect amount of insulation for sporty riders who need grip and dexterity.

- Antibacterial, stay-dry moisture management lining.
- Waterproof, windproof and breathable glove insert.

**Shell:** Spandex, Neoprene, Nylon

**Palm:** Nylon, Leather, Polyurethane

**Insulation:** Top hand: 133 g Thermal Loft  
Palm: 100 g Thermal Loft

THERMALLOFT<sup>3</sup>

446292 • S-3XL • Black (90), Sunburst Yellow (96)

### X-TEAM CREW GLOVES

A lightweight glove without insulation for warm weather riding or for hand protection during short stops.

- Soft, durable, flexible and breathable.
- Stretch wrist for easy in and out.

**Shell:** Nylon, Polyester, Polyurethane, Spandex

446297 • S-3XL  
Black (90)

# TOURING

Warmth and endurance are the key features you're looking for long rides.

## ABSOLUTE 0 GLOVES & MITTS

Gloves and mitts that earn the Absolute 0 name. Built for extreme cold using proven high quality materials.

- Leather palm with grip reinforcement.
- Waterproof, windproof and breathable glove insert.
- Antibacterial, stay-dry moisture management lining.
- Down-insulated on back of hand for superior warmth.
- Reflective details.

### GLOVES

Shell: Nylon, Leather, Polyester

- Closed probe pocket.
- Circulation back channels.
- Shovel not included.

100% Polyester

**469266 • One size • Black (90)**

# HOW TO MEASURE

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

**Height:** Without shoes, standing with heels and back against a wall.

**Head:** Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

**Arm length:** Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

**Chest/Bust:** Measure under your arm, around the fullest part of your chest.

**Waist:** Measure around your waist at the narrowest place.

**Hips:** Across the fullest part of the seat.

**Inseam:** Without shoes, from crotch to the floor.

**Gloves:** Measure palm width.

**Boots:** Foot length from heel to toe.

## WHAT CODE REPRESENTS YOUR SIZE?

1. Find your size.
2. The corresponding code is THE CODE you use to complete the part number on your order.  
Example: 440 227 90  
Size: M = code "06",  
Therefore 440 227 06 90
